## SENIOR PROPHECY

- BERNICE FOUNTAIN**—Word was just received that Bernice fell in the bowl of marshmallows used for sundaes at Brodahl's. She has always been a democratic girl so we know she won't be stuck up.
- MAXINE FUNK**—Is a beauty culturist for the local one hundred and fifty. She is making much headway.
- MARY HANSEROTH**—Just won a doll's nursing set for the greatest number of new subscriptions. You've guessed it. She peddles the Daily Blah.
- ARNOLD HEMINGSON**—Has taken over the grocery store at Summit Park. He wishes to announce he gives away one three cent stamp with every \$2.00 purchase.
- TOM JONES**—Just finished making a row boat so he could enter in the American Cup Races. We predict a win from anywhere from 21 to 34 place.
- ROBERT LEATHERWOOD**—Vice-President of the United States. While Geoffrey isn't teaching his cabinet the violin, Bob has them running around a football field. He figures on putting them against Harvard.
- RODGER LECKMAN**—Arrived at the city hospital for treatment. He was helping his father fix a car and got stuck underneath. It took an hour to pull him out and he was pretty well skinned. He thinks he will go in for selling school supplies instead.
- LLOYD LEWIS**—Will visit Anacortes and give the schools a talk on the Future. Everyone is invited to come to the schools and listen in.
- JACK LOWMAN**—Just arrived from Alaska after spending fourteen years up there with the Eskimos. He has a very long, curly beard. He can't get used to our climate and insists on wearing his fur garments wherever he goes. His mother was given a small gift from Jack, a polar bear.
- BILL McCracken**—Was an Anacortes visitor today. He lives on a stump ranch in Everett. He wishes to announce he has some very good stumps for sale but you must come and get them yourselves.
- MARIE McDUGLE**—Is in town illustrating her Sticky Chewing Gum business. Her stand is on the corner of 8th and Commercial. She certainly is stuck on her business.
- GRACE McMINN**—Has been traveling around from city to city giving speeches about balanced diets for cats. She carries 20 cats with her so as to illustrate while she talks.
- SIGLER MOEN**—Still hunting up Mr. Cowell to give him "hush money." It seems Mr. Cowell learns too much about Sig, even now. Sigler just pays and pays and pays.
- BILL MORRISON**—Gave a dance at the Castle Building last Saturday night on 32nd Street. The orchestra didn't arrive so Bill played a mouth organ. Two couples came, Phyllis Munhall and Buddy Hansen, Marjorie Marinakas and Gilman Abbot.
- NORMAN NOGGLE**—Has lost two of his goats. He was milking them up on the highway when a huge truck came along at full speed. After it had passed the goats were gone. Has anyone seen them?
- PHYLLIS NORMAN**—Has opened a skating rink and will give skating lessons for 50c an hour. She says prices are cheap because the learning is rather hard on you at first.
- ARLEENE PETERS**—Has done so well in tennis that she was put up ahead of Helen Wills. She played Katherine Jones and won four games out of six.

LEATHERWOOD

Athletic Manager

PAUL SORENSON—

He galloped for more than one touchdown this season and was known as the Pony Express of the Sea Hawks. He played superlative ball on defense. "Cowboy" had an all-county rating.

LEONARD SMITH—

What Smitty lacks in weight he made up in power. His motto is: "The bigger they come, the harder they fall." With his two years of experience he is sure to go great guns next year.

WILLARD HAMMER —

A better running guard is not to be found in this county. Willard made the all-county team this year and has a good chance next year.

RODGER LECKMAN—

"Slug", as he is known to most of you, is as wide as he is tall and took up plenty of room in the forward wall; although he did not play in many games, his team-mates will remember him for his dependability.

JACK MILLARD—

For three years now Jack has been one of the top-notch ends in the northwest. Besides being good in the line Jack has an educated toe that will probably show itself next year.

CHESTER BLACKINTON—

Captain Chet Blackinton won his third stripe this year. Most of the opposing teams will remember him for his wonderful kicking ability, and as a plunging fullback he couldn't be beat.

ARDEN HAMBLY—

Another pint-size wonder of the gridiron. Hambly was always right on the spot and a ball carrier didn't have a chance to move.

DELMAR PARK—

Another pint-sized lineman, Park is a heady ball player and could easily deceive the opponents' plays.

ART DAVIS—

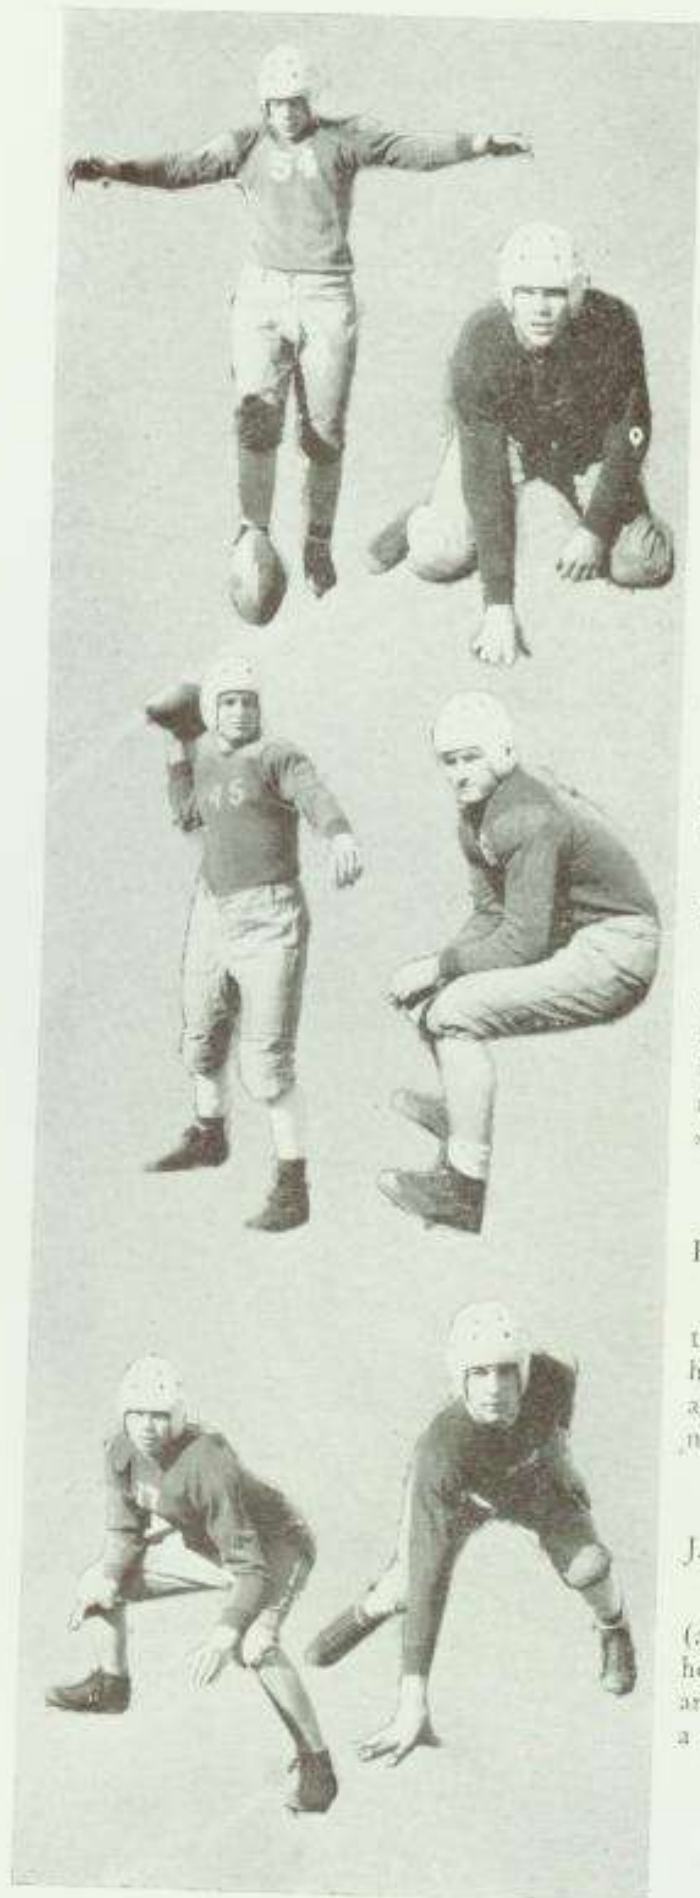

A new comer to the school last fall and although he was injured early in the season showed everybody what a snappy ball carrier he was.

NORMAN NOGGLE—

Although Norman was hurt in the second game of the season he was still there to stop many of the plays around his end.

CHARLES STAFFORD—

Stafford is also another three year letterman. Deadpan played a position which brought very little glory but he was undoubtedly one of the best blockers of his size in our conference.

**FRED OLSON—**

A scrappy new comer to this year's squad and one who is here to stay for two more years. Fred played end and tackle equally well. We expect to see more of his brilliant playing next year.

**WARREN DeBOER—**

Big, fast, and aggressive. Warren could be counted on to hold up his end of the line no matter whom we played. Warren will be among those missing next fall.

**RUDY FRANULOVICH—**

Rudy crashed the gates of the first game this year and should go on playing his type of steady ball next fall.

**HERMAN ANDERSON—**

Better known as "Sully", he was one of the best linemen in the county and would have proved it but an injury in the Snohomish game kept him out of the games for the rest of the season.

**BILL BEAN—**

Bean broke into the first squad this year and while he was playing he always did his share of the damage. We shall hear more from him next year.

**JACK LOWMAN—**

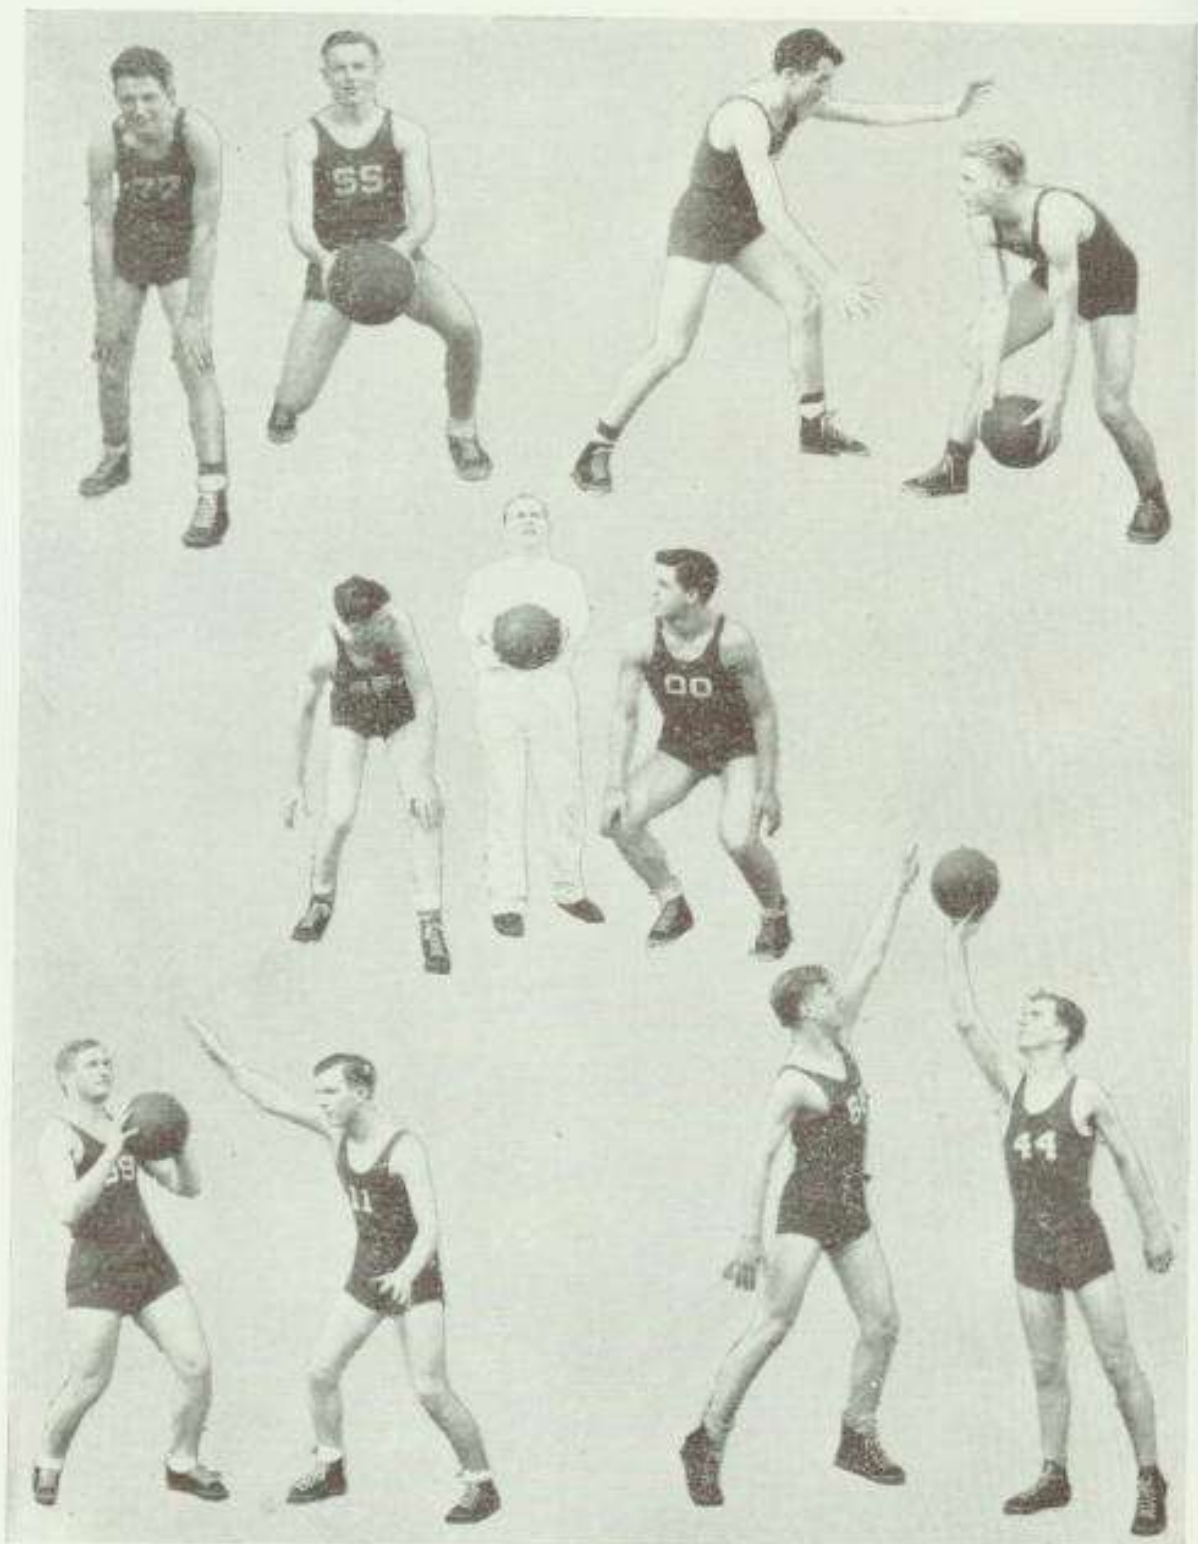

Commonly known as Snake Hips (and the name fits him like a glove) he was the shiftiest backfield man around. Jack played right half and did a good job of it.

# BASKETBALL

## "CHET" BLACKINTON—

Fast for a big man and like LeVeque he was outstanding in retrieving the ball off the backboard. A hard fighter and a good floor man.

## "SONNY" LeVEQUE—

By hard work under the basket, good shooting, superlative passing, and hard checking, won himself a place on the Honorable Mention in the Northwest as a guard.

## RALPH ROBINSON.

The tall gangling center was important as a tip-off man and unexcelled at the pivot position, could always be depended upon to take the ball off the back board.

## JACK LOWMAN—

A guard, a veteran checker who had few points made against him, but could do his bit in helping the Sea Hawks roll up the score, was fast and an excellent passer.

## JACK MILLARD—

Was an ace scorer for the Hawks, who will be remembered as one of the speediest breakers, and he was also a good floor man. Jack was one of the high scorers in the county.

## LEONARD SMITH—

A substitute on this year's team, but clever and fast, could always be depended upon in a tight pinch.

## MIKE BARCOTT—

Veteran forward who was a long-shot artist and outstanding in his defensive playing. Toots was a superlative passer.

## HERMAN ANDERSON—

Most essential man on the team, as far as team work was concerned. Sulby was always used when points were needed.

## ERLING OAKLAND—

Was a dead eye from any angle on the floor. Erling was a smooth floor player and an excellent team worker.

## BILLY ETTER—

A shooting artist and a good defense man, a good sport and a very clever floor player. His accurate shooting made him a key man on the team.

### WHITNEY SCHOOL

For seven years Mrs. Harriette Elder has graciously reigned over this building. Previous to that she served nine years at Nelson. During these sixteen years at Anacortes, she has had, in all, over four thousand little men and little women as her willing subjects. Although they have pretty much changed in looks and size, she remembers them all—and they remember her.

### NELSON SCHOOL

Principal W. I. Hall says that one of the things he particularly likes about Nelson is the splendid community spirit; everyone is a booster, and the students are especially loyal. And Nelson school pupils, teachers, and friends say that what they have particularly liked about Mr. Hall these five years, is his untiring and willing service, his inspiring leadership, his smile.

## IT'S A PERFECT '36, WE SAY-- THIS YEAR'S CLASS FROM SEPT. TILL MAY

- With first prize this debator  
was blessed.
- 13 Pessimists call this Friday an  
unlucky day;  
But you can just bet that  
our hair won't turn gray.
- 16 A stork over the Rhodes' home  
flaps--  
And a baby boy, is in their  
laps.
- 27 See that your lockers are  
cleaned out right;  
Most of them lately have been  
a sight.
- April 1 Watch your step today in  
school.  
They'll all be saying "April  
Fool."
- 2 Pomona girls visit, dressed in  
blue--  
They hold an assembly to  
serenade you.
- 7 Members of Key Club give  
big dance;  
Everyone's there who likes  
to prance.
- 8, 9, 19 Spring Vacation, dear old  
friend;  
You'll help us hold out to  
the end.
- 22 Another epidemic -- Measles  
this time;  
Your chance to escape's not  
worth a dime.
- 24 Glee Club to Bremerton, ex-  
cellent they rate;  
We think they're the best  
in the state.

- May 1 "Blow Me Down", the pirate  
play,  
Is one of the best, the peo-  
ple say.
- 2 G. A. C. treat seniors to tea;  
And would you guess, the  
whole thing's free.
- 12 An afternoon tea for our  
mothers--  
They should be thought of  
above all others.
- 15 Juniors and sophomores go on  
jaunts;  
They leave us behind with  
sneers and taunts.
- 21 Final exams, for which we  
toil,  
Means we must burn the  
midnight oil.
- 22 One last big dance to cele-  
brate--  
The Senior Ball; wasn't it  
great?
- 23 The senior picnic--more darn  
fun;  
We swim like fish and burn  
in the sun.
- 24 Baccalaureate--We look our  
best;  
A few more days, and then  
'Go West'.
- 27 This is our commencement  
night--  
We've had to work or lose  
our fight.
- 28 Here's the end of school at  
last;  
And we must say it's sure  
gone fast.
